IMPORTANT NOTICE

The Village Hall have requested that after 1pm on Saturday's club members walk to the car park to go to the toilets and to leave because the dog lady will be there. Also do not walk round to the front before 3pm if visiting the shack on a Sunday. There will be a notice on the gate to remind people.

Contest Dates

If you are taking part in any contests, please check times – I've done my best to put them all into Local time but may not have got them all.

VHF Contests

05-09	7-7.55pm	144mhz FMAC contest
05-09	8 – 10.30pm	144mhz UKAC contest

17-09	10-1pm	70mhz AFS contest
21-09	8-10.30pm	70MHZ UKAC contest

Contest News

The results for August show that LSWC are currently 19/42 on 2m and 15/33 70cms and 24/29 on 6m. Once again illness prevented some members from taking part but a big thank you to those that did manage to take part, The club is in the middle of the groups, which isn't bad for a small club. If you do want to take part, then please add your scores to LSWC. Thank you.

Latest Updates

The club had a very busy month in August with IBCC on 12th and 13th. Our thanks go to all those who turned up to help including Marc M7DEU, Les G1LQB, David M6OYN, Stuart 2E0SFK and Andy M0IYE, It was unfortunate that due to various members being either unwell or unavailable we had to cancel the IBCC Wings and Wheels event at short notice.

The Summer Rally at Market Rasen was a small success despite it also being the Ladies World Cup Final. It was reasonably well attended, and a good day was experienced by all. The bacon butties went down a treat. Thank you again to all those involved including Steve M5ZZZ, Stephen M5SJM, Peter M0EJL, David M6OYN, Marc M7DEU And Stuart 2E0SFK.

On the 26th till 28th Aug it was Fir Park Wings and Wheels, once again there were only a few members able to attend and our thanks go to Marc M7DEU, Les G1LQB, Stuart 2E0SFK, David M6OYN who valiantly put up and operated the station for the three days.

My apologies if I've missed anyone off the thanks but if you did attend then very many thanks to you too,

Most of the external club events have now finished for this year and we are beginning to start planning for 2024 – if there are any special events you would like to see the club involved with then please contact either myself or any committee member and we will be happy to look into these for you. We intend to be back at Ellis Mill for Mills on the Air, become more involved in the National Field Days, hold 2 more rallies at Market Rasen and increase our use of the station at East Kirkby as well as Fir Park and IBCC.

Committee News

Matters arising from minutes included the outside tidy up, the 2 satellite projects and the solar panel to be fitted. M5SJM is still looking for videos of the club or members activities to put on YouTube. The first aid course take-up has been very low with only two people so far showing any interest. A folder will be available at the club for all members to see which will contain copies of the minutes of the committee meeting, Code of Conduct, Privacy Policy and Grievance Procedure. It was suggested by M7DEU that the club purchase oil heaters and this is to be discussed further at the next meeting. M5ZZZ said the club needed a colinear and 2E0GFY has a Diamond X30 the club can have.

Please Note: If you would like to raise anything with the Committee or would like items to be put on the Agenda for the Committee meetings please contact Pam G4STO or any other Committee member before the next meeting. The September meeting is due to be held on Monday 11th September.

First Aid Course

We are arranging a First Aid Course to be held in the Village Hall at Aisthorpe next to the Shack. This will be held over two evenings, covering basic first aid, resuscitation and allergies etc. As we do need a first aider on events we hold. If you are interested, please email me so we can get numbers and sort out a suitable date contact@m1dhv.co.uk

Club Net

Please don't forget that the club net meets on Thursday nights at 8pm on either LM or LS. The net coordinator is Stephen M5SJM. If you would like to become a net controller, please contact Stephen who will be pleased to hear from you. We are always happy to welcome new people to the net and there can be some very interesting discussions to be heard.

LSWC Website

Stephen M5SJM is looking for some videos of various club events to post to the website. It doesn't matter when they were taken but should show something about the club and its activities. Please either forward them to him or speak to him directly.

LSWC Items for Sale

The items listed below are either being sold by the club or are being offered for sale by our members. Contact information will be listed for each item. Images are available on the website.

Last Updated 04/09/23
